

Comprehensive Rigid Solid Ankle

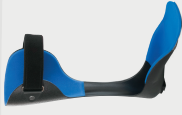

- Custom, full height AFO
 - Rigid ankle provides tri-planar ankle and foot control and knee stability during stance
 - Mild knee hyperextension control
- Indications: Posterior tibial tendon dysfunction (PTTD), tarsal coalition, metatars adductus

SPECIFICATIONS

Model No.	Material	Cast Type	Standard Features	Warranty
SURE-09	Polypropylene	Full-calf	Top Cover: Spatulle Top Cover Length: Sulcus Joint: Solid Ankle Foot Plate Length: Mid-tarsal	90 days

Comprehensive Flexible Solid Ankle

- Custom, full-calf height AFO
 - Limits plantar flexion and allows limited dorsiflexion
 - Provides medial and lateral stability of the ankle
- Indications: Posterior tibial tendon dysfunction (PTTD), metatars adductus

SPECIFICATIONS

Model No.	Material	Cast Type	Standard Features	Warranty
SURE-10	Polypropylene	Full-calf	Top Cover: Spatulle Top Cover Length: Sulcus Joint: Solid Ankle Foot Plate Length: Mid-tarsal	90 days

Comprehensive Plantar Flexion Stop

- Custom, full-calf height AFO
 - Restricts plantar flexion
 - Provides knee stability for mild weakness of quadriceps muscle
- Indications: Peroneal nerve palsy, drop foot

SPECIFICATIONS

Model No.	Material	Cast Type	Standard Features	Warranty
SURE-11	Polypropylene	Full-calf	Top Cover: Spatulle Top Cover Length: Sulcus Joint: Pre-flexed Dorsi Assist Foot Plate Length: Mid-tarsal	90 days

Comprehensive Dorsi Assist

- Custom, full-calf height AFO
 - Provides dynamic, dorsiflexion assist
 - Provides knee stability for mild weakness of quadriceps muscles
- Indications: Peroneal nerve palsy, drop foot

SPECIFICATIONS

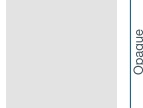

Model No.	Material	Cast Type	Standard Features	Warranty
SURE-12	Polypropylene	Full-calf	Top Cover: Spatulle Top Cover Length: Sulcus Joint: Pre-flexed Dorsi Assist Heel Cup: 35 mm Foot Plate Length: Mid-tarsal	90 days

Custom AFO Collection

www.surefitlab.com

Dynamic Assist

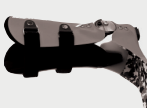

- Custom, dynamic assist, AFO with custom footplate, posting and custom upright(s)
- Tamarack joint provides spring for those with drop foot
- Removable and washable interface pads

Indications: Peroneal nerve palsy, drop foot.

SPECIFICATIONS

Model No.	Material	Cast Type	Standard Features	Heel Cup: 35 mm Foot Plate Length: Behind metatarsal heads	Warranty
SURE-03	Polypropylene	Mid-calf	Top Cover: EVA Joint: Pre-ileated Dorsi Assist		90 days

Variable R.O.M.

- Custom range of motion, AFO with custom footplates and upright
- Variable R.O.M. from free moving to permanently fixed
- Posterior bar links the custom uprights to provide greater stability and control
- Removable and washable interface pads

Indications: Posterior tibial tendon dysfunction (PTTD), post-fracture/surgical, tarsal coalition, peroneal nerve palsy, Achilles tendinitis, severe ulcers, drop foot.

SPECIFICATIONS

Model No.	Material	Cast Type	Standard Features	PF/DF Stop: 0° - Free Motion Heel Cup: 35 mm Foot Plate Length: Mid-tarsal	Warranty
SURE-08	Polypropylene	Mid-calf	Top Cover: EVA Joint: Variable R.O.M.		90 days

Stabilizer

- Custom molded AFO
- Soft, patient-friendly, AFO covering
- Flexible insert to promote proprioceptive feedback

Indications: Ankle instability, peripheral neuropathy, vestibular disease, foot drop, history of falling.

SPECIFICATIONS

Model No.	Material	Cast Type	Standard Features	Warranty
SURE-19	Polypropylene	Mid-calf	Full Cover: soft foam Foot Plate Length: Mid-tarsal	90 days

Lite AFO

- Custom molded AFO
- Soft, patient-friendly, AFO covering
- Moisture wicking fabric

Indications: Ankle instability, Charcot foot, DID, posterior tibial tendon dysfunction, tendonitis varus or valgus instability

SPECIFICATIONS

Model No.	Material	Cast Type	Standard Features	Warranty
SURE-18	Polypropylene	Mid-calf	Full Cover: soft foam Foot Plate Length: Mid-tarsal	90 days

INTERSECT Pro Custom (Posterior)

Tamarack joint

INTERSECT Dynamic Assist

- Custom articulating AFO with custom footplate and posting
- Pre-fabricated uprights
- Removable and washable interface pads
- Articulating, temporary fixed or permanent fixed joint options

Indications: Posterior tibial tendon dysfunction (PTTD), pes planus, pes cavus, lateral ankle instability, Achilles tendinitis, sinus tarsi syndrome

SPECIFICATIONS

Model No.	Material	Cast Type	Standard Features	Heel Cup: 35 mm Foot Plate Length: Behind metatarsal heads	Warranty
SURE-01	Polypropylene	Ankle	Top Cover: EVA Joint: Variable Articulating		90 days

Pro Custom

- Custom articulating AFO with custom footplate, posting and custom upright
- Posterior stabilizer connects with custom uprights to provide greater stability control
- Removable and washable interface pads
- Articulating, temporary fixed or permanent fixed joint options
- Available in pediatric sizing or with slim guard

Indications: Posterior tibial tendon dysfunction (PTTD), pes planus, pes cavus, lateral ankle instability, peroneal nerve palsy, Achilles tendinitis, sinus tarsi syndrome

SPECIFICATIONS

Model No.	Material	Cast Type	Standard Features	Heel Cup: 35 mm Foot Plate Length: Behind metatarsal heads	Warranty
SURE-02	Polypropylene	Mid-calf	Top Cover: EVA Joint: Variable Articulating		90 days

Solid Ankle-Tail

- Soft, molded leather, inner and outer liner
- Lightweight, plastic structural shell
- Standard metatarsal foot length; Standard height 10-14"

Indications: Posterior tibial tendon dysfunction (PTTD), ankle instability, peroneal nerve palsy, Achilles deformity

SPECIFICATIONS

Model No.	Material	Cast Type	Standard Features	Warranty
SURE-13	Polypropylene	Calf	Cover: Natural leather Padding: 1/8 closed cell Length: Metatarsals	90 days

Standard Solid Ankle

- Soft, molded leather, inner and outer liner
- Lightweight, plastic structural shell
- Standard metatarsal foot length; standard height 8-10"

Indications: Posterior tibial tendon dysfunction (PTTD), ankle instability, peroneal nerve palsy, Achilles deformity

SPECIFICATIONS

Model No.	Material	Cast Type	Standard Features	Warranty
SURE-14	Polypropylene	Mid-calf	Cover: Natural leather Length: Metatarsals Padding: 1/8 closed cell	90 days

Standard with Ankle Joint

- Soft, molded leather, inner and outer liner
- Lightweight, plastic structural shell
- Standard metatarsal foot length

Indications: Posterior tibial tendon dysfunction (PTTD), ankle instability, peroneal nerve palsy, Achilles deformity dorsiflexion/plantarflexion control

SPECIFICATIONS

Model No.	Material	Cast Type	Standard Features	Warranty
SURE-16	Polypropylene Tamarack or R.O.M. adjustable joint	Calf	Cover: Natural leather Length: Metatarsals Padding: 1/8 closed cell	90 days

CROW Boot

- Custom charcot resistant orthotic walker
- Designed for patients with ulcers on the plantar aspect of the foot and for charcot degeneration of the foot and ankle
- Includes diabetic sock
- Compliance monitor is available as an option

Indications: Severe ulcers, charcot deformity

SPECIFICATIONS

Model No.	Material	Cast Type	Standard Features	Warranty
SURE-07	Polypropylene	Full-calf	Design: Charcot Shell Foot Bed Material: Plastozote/Boon Brake: Solid Ankle Foot Bed Length: Full	90 days
