INDUSTRY LEADER IN THERAPEUTIC FOOTWEAR

SureFit revolutionized the Podiatric Industry with the introduction of its turnkey system in 1999. The first comprehensive solution developed exclusively for Podiatry, SureFit's Legacy Fitting system remains the industry standard for an effective therapeutic footwear program. With the launch of SureFit's Origins Fitting System, practitioners may utilize a "try-on" inventory provided by SureFit's New Fitting Display to specify the length and width of the desired shoe. Nothing could be easier for you and your staff.
