

## 715-BD Series

The newest easy-to-use feature is the patented Tilt-Head, which enables the user to tilt the x-ray source.

### Tilt-Head units:

- Eliminate the need to rotate the patient for the DP view
- Patient support rail allows access from side or front
- Eliminate the need to rotate the arm for the AP view
- Eliminate the need to readjust the collimator lateral views
- Enable wheelchair patients to be easily accommodated without having to leave the wheelchair
- Feature the low voltage expose switch with optional remote key box
- Include features that can meet ADA guidelines (consult your accountant)
- 3.5-inch base height
- 29-inch SID
- Available in white
